

## NATIONAL FERTILIZERS LIMITED, BATHINDA

### ENERGY MANAGEMENT POLICY

NFL, Bathinda is committed to serve the farmers and other customers by supplying quality fertilizers and plays a lead role in energy management by

- Adopting energy efficient and environment friendly technologies.
- Bench Marking continuously with the best in the fertilizer industry and endeavoring to be ahead.
- Monitoring and control of energy consumption norms through effective energy information systems and periodic review of energy targets.
- Carrying out regular internal and external energy audits to identify areas requiring improvement.
- Training and creating awareness among all employees for Energy Conservation Movement.

This will be achieved by dedicated teamwork, participation and commitment from employees at all levels.
