

TECUMSEH

What's inside is what counts

Just what you would expect if **TECUMSEH** was not around.

Imagine your refrigerator losing its ability to deliver. Making it unable to keep your food healthy and edible. Thankfully, you have **Tecumseh (te-cum-say)** with you. Being the undisputed leader in manufacturing compressors, we are inside every leading refrigerator brand in the world with a strong presence in over 120 countries. And now, for the first time in India we have introduced leading-edge compressors like the **CHILL THK**. All manufactured indigenously in India! With technology to give you faster cooling while saving you power, the silent way. Allowing you to enjoy cooling just the same way you would want it to be in your refrigerator. So, the next time you are planning on investing in a refrigerator, make sure it has a Tecumseh inside. Or even better ask for one that has one. Because, we know for sure, you wouldn't want your investment to end up like this.
