

## Energy Management policy

Reliance plays a lead role in the national economy by providing quality goods and services in the materials and energy value chains and in infrastructure.

### Our mission is:

- To be the **lowest specific energy consumer** in the industry we operate.
- To **maximize the use renewable and low energy level fuels** in our operations.

### This we plan to achieve by the following:

- **Manage efficiently** the utilization of energy resources, upgrade hardware and employ cleaner and more efficient technologies.
- **Train employees** to make Reliance the pace setter in the area of energy conservation.
- Carry out regular internal and external **audits** to identify areas for improvement.
- **Benchmark** continuously our performance against the best in world.
- Enrich our experience on energy conservation by **exchange of ideas** with other organizations.
- Promote **awareness** among all members of the large Reliance family.
