

Energy Management Policy

Reliance plays a lead role in the national economy by providing quality goods and services in the materials and energy value chains and in infrastructure.

***Mission**

To be the lowest specific energy consumer in the Industry.

To maximize the use of renewable fuels and low energy level fuels in operations.

***Plan**

Manage efficiently the utilization of energy resources, upgrade hardware and employ cleaner and more efficient technologies.

Train employees to make Reliance the pacesetter in the area of energy conservation.

Carry out regular internal and external audits to identify areas for improvement.

Benchmark continuously our performance against the best in the world.

Enrich our experience on energy conservation by exchange of ideas with other organizations.

Promote awareness among all members of the Reliance family.
