

ENERGY POLICY

Achieving optimum use of energy in our operations and bringing about improvements in the energy efficiency of our processes and products will form an important component of the continuous improvement efforts in our organisations.

We shall strive to reduce energy consumption per unit of value added by :

- Minimising Waste
- Using energy efficient processes and equipment
- Conducting periodic energy efficiency improvement studies and implementing improvement measures
- Involvement of employees of all levels in the energy conservation efforts
- Effective dissemination of information
- Establishing norms and initiating programmes to reach these norms.
- Promotion of non-conventional energy usage.

In achieving these, we shall utilise the knowledge and expertise available from various sources including sister organisations, collaborators and outside experts.

We shall make efforts to bring about continuous improvement in the energy efficiency of our products.
