## **ENERGY POLICY**

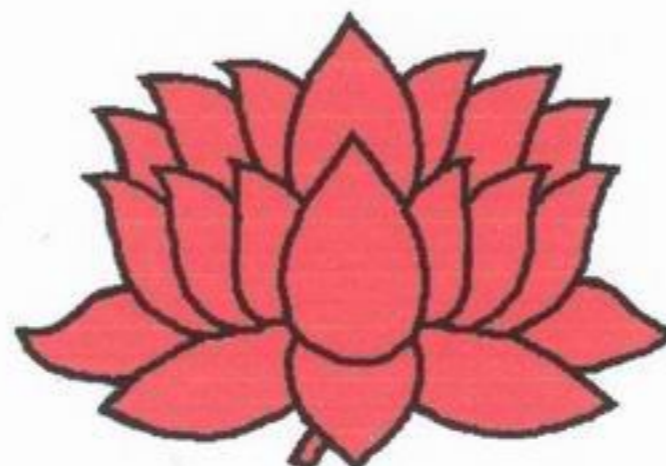

**We, at Shree Digvijay Cement Company Limited, Digvijaygram, are committed to optimally utilise various forms of Energy (Fuel & Power) in a cost effective manner to ensure conservation of energy resource.**

*To meet the above goals, we will strive hard to :*

- 1. Reduce specific energy consumption by identifying areas of energy saving potential in the process.*
- 2. Set energy consumption targets and monitor continuously.*
- 3. Involve all the employees to work towards progressive improvement of targets of energy consumption.*
- 4. Promote culture of awareness towards energy conservation in the organisation.*
- 5. Implement innovative ideas for modification, improvement and upgradation of the equipment & process for optimizing energy consumption.*
