

Hassan Milk Union

ENERGY MANAGEMENT POLICY

We at Hassan Milk Union are committed to establish total energy management system by –

- ❁ Adopting modern and eco-friendly technologies.*
- ❁ Adopting 5 “S” principles to minimize and eliminate wastage at all levels of business operations.*
- ❁ Develop bench marks for optimal use of energy at all levels of process operations.*
- ❁ Creating awareness amongst all the employees and recognising their initiatives.*
- ❁ Reducing specific energy consumption year after year.*
- ❁ Harnessing Renewable / non-conventional energy wherever viable.*
