

Reliance Industries Limited Energy Management Policy

Reliance Industries Limited plays a leading role in the national and global economy by providing quality goods and services in the materials and energy value chain.

Our Mission is:

- ❖ To become the lowest specific energy consumer in the industry.
- ❖ To widen our options for energy sources and
- ❖ To minimize the adverse impact of our operations on the environment.

We plan to achieve the above within the framework of sustaining the business by:

- ❖ Integrating energy management with the business management and establishing performance driven goals.
- ❖ Upgrading hardware, deploying new technologies and improving our practices to increase energy efficiency, reduce greenhouse gas emissions and minimize environmental impacts.
- ❖ Supporting scientific research and technological efforts to deliver new sources of energy including renewable and alternate fuels.
- ❖ Carrying out regular audits and training employees to promote energy conservation as a culture across the entire business functions.
- ❖ Continuously benchmarking our energy efficiency and energy productivity against others.
- ❖ Promoting awareness on energy conservation among all members of the Reliance family and the community at large.
