

Energy Management Policy

Reliance Energy Limited is committed to be the most efficient integrated energy utility in the world.

Our mission is to use all energy resources most efficiently and thereby minimising the impact of our operations on environment and conserving the scarce natural resources.

This we plan to achieve by,

- Adopting appropriate energy efficient and clean technologies in process design, procurement, implementation and also continually upgrade our performance
- Managing efficient use of all forms of energy by adopting industry wide best practices
- Continually benchmarking our energy performance against the best in the world and improving our competitiveness by training and knowledge sharing.
- Creating awareness about efficient use of energy and conservation methods amongst all our stakeholders
- Carrying out regular energy audits to identify areas for improvement
- Complying with all relevant state regulatory and statutory requirements on energy management.
