Dr V R Singh **Co-Chairman**  
Dr. J K Moitra  
Dr S N Singh  
Shri Bharat W.  
Shri Mahendra Goel  
Prof Harsh Vardhan  
Prof M L Chandna  
Dr. Raj Karan Gupta  
Ms Monika  
Shri Deepak Tyagi **Convener**

Dated: .....

**Sub: 2nd National Conference on Green Energy Alternatives for Rural and Urban Development: 8 & 9, November 2011**

Dear Sir / Madam

It is well recognized that energy availability and its efficient management is crucial to economic development of rural and urban sectors. The energy policy for these sectors includes various energy alternatives, viz; conventional hydro-electric and thermal energy resources and non-conventional renewable energy resources such as solar, wind and tidal. A comprehensive energy policy focusing on the urban and rural development needs a special effort to understand its complexity.

The International Development Centre Foundation (IDC Foundation) is organising a two-day **National Conference on Green Energy Alternatives for Rural and Urban Development** at the India International Centre (Main Building Auditorium), New Delhi, on 8 & 9, November 2011

The Conference will deliberate on the above issues with experts presenting state of the art on current technologies for providing energy for rural and urban development. The emerging technologies and their implementation will also be discussed during the conference.

The IDC Foundation has successfully organized nearly 20 Conferences / Seminars / Workshops in the past to focus attention on environmental, health, energy and socio-economic issues. This conference is the second in the field of energy.

I am enclosing a copy of the Conference Brochure for your information. Depending on your circumstances, you may like to take one or more of the following actions to make the National Conference a success:

- Contribute paper for any technical session
- Advertise in the Souvenir
- Register as a delegate or nominate delegates from your organisation
- Grant financial support for the proposed National Conference
- Express interest in collaborating in future activities of IDC Foundation

Looking forward to your kind and positive response.

Yours truly

PARITOSH TYAGI  
Chairman and Managing trustee
